

On 29th October, 2025, **Shri Narender Singh Jambal**, Principal of **Government Senior Secondary School, Mahunag, Karson (District Mandi)**, delivered an enlightening **guest lecture on Financial Education** at **Government College, Solan**, in collaboration with the **Department of Commerce**. The event aimed to promote financial literacy and create awareness among students about the importance of effective money management in their daily lives.

A total of **85 students** from various streams—Arts, Science, and Commerce—actively participated in the session. Shri Jambal began by emphasizing the growing need for financial education in today’s digital and globalized economy. He elaborated on fundamental concepts such as **budgeting, savings, responsible use of credit, digital transactions, and investment planning**, highlighting how financial discipline can help individuals achieve long-term stability and independence.

The speaker also shed light on **modern financial tools and platforms**, explaining how digital payments and online banking have revolutionized financial management. He urged students to adopt secure digital practices and remain cautious of online frauds and scams. Additionally, Shri Jambal discussed various **investment options** available to young individuals, such as recurring deposits, mutual funds, and government schemes, encouraging students to develop an early habit of saving and investing wisely.

The session was highly **interactive and engaging**, as students raised insightful questions about managing personal budgets, handling student loans, and planning future investments. The Commerce Department faculty members appreciated Shri Jambal’s effort to simplify complex financial topics through real-life examples and practical advice.
