Subject: Request for Permission to Organize an Interdisciplinary International Conference

Respected Madam

The Department of English, respectfully seek your permission to organize an Interdisciplinary International Conference on the Integration of AI and Automation in Education, with the main theme: "**Integration of AI and Automation in Syllabi Across Disciplines in Higher Education.**" The proposed conference aims to bring together academicians, researchers, industry experts and students to discuss the evolving role of Artificial Intelligence and Automation in teaching, curriculum design, and interdisciplinary learning. This event will greatly benefit the academic community of our institution, enhance research culture, and provide a platform for global academic interaction. The Department of English proposes to host this conference on 22 & 23 December 2025 within the premises of Government College Solan. All necessary academic, administrative, and logistical arrangements will be organized responsibly by the department.

Your support and guidance will be invaluable in making this academic event a meaningful success.

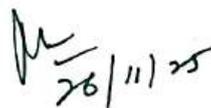

Thanking you in anticipation.

Yours sincerely

Dr Sneha Mehta

Head, Department of English
Government College Solan

Subject: Intimation Regarding the Organization of an Interdisciplinary International Conference

Respected Sir

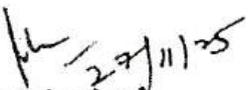

I am pleased to inform you that the Department of English, Government College Solan, is organizing an Interdisciplinary International Conference titled: "**Integration of AI and Automation in Syllabi Across Disciplines in Higher Education.**" The conference is scheduled to be held on 22 and 23 December, 2025 at Government College Solan. The event aims to bring together national and international academicians, researchers, and educational professionals to discuss the emerging role of Artificial Intelligence and Automation in the transformation of higher education curricula.

The purpose of this communication is to formally intimate the Higher Education Department about the conference and to keep the department informed about such academic initiatives being undertaken at the college. The conference is expected to foster academic exchange, enhance research collaboration, and contribute to the ongoing educational advancements within the state.

We shall be grateful for your kind acknowledgment of this intimation. Any guidance or suggestions from the department would be highly appreciated.

Thanking you.

Yours sincerely

About the College

Government College Solan was established on August 19, 1959 and is situated in 47 bighas of land to cater to the needs of higher education of Solan district and the surrounding areas in the state of Himachal Pradesh. The college aims at imparting quality education to the students and equip them with the requisite academic and functional skills in professional and social spheres through innovative techniques and practices. The mission of the college is to instill scientific zeal among the students and to prepare and develop human resource which is capable of facing national and global challenges. The college facilitates students with opportunities to hone their ethics and leadership potential for their better future. It sensitizes the students towards inclusive social concerns, human rights, gender and environmental issues and inculcates the multidimensional personality development of the learners that will enable them to fulfill the needs of industry and the community at large.

7. ARCHIVE IN AN OPEN ACCESS REPOSITORY
8. INVITE AUTHORS FOR KEYNOTES OR TALKS
9. PUBLISHED PAPERS WILL BE PRESENTED TO THE VICE CHANCELLOR, HPU, THE SECRETARY (HIGHER EDUCATION), AND THE DIRECTOR (HIGHER EDUCATION)

Conference Overview

Today's rapidly changing technological world, the integration of AI and automation into the curriculum has become not just relevant, but essential. As industries evolve and knowledge landscapes shift, students must be prepared for an AI-driven future that demands adaptability, innovation, and digital competence.

The conference aims to:

- Emphasize the urgent need to embed AI and automation across syllabi in all disciplines, keeping pace with global educational transformations.
- Provide a platform for educators, researchers, and technologists to exchange insights on how AI can enhance learning outcomes and academic efficiency.
- Explore practical models for integrating AI in teaching, learning, assessment, and research in alignment with NEP 2020's vision for multidisciplinary, technology-enabled education.
- Identify strategies, challenges, and opportunities for curriculum redesign in education institutions.

Conference at a Glance

- ◆ Day 1 (Online)
 - ◆ Welcome Ceremony
 - ◆ Keynote Addresses by the Speakers
