

Report on Lab Attendant Training

Government Degree College, Solan

Date: 29 August 2025

A one-day training program for Lab Attendants was held at Government Degree College, Solan on 29th August 2025. The program was organised by the Department of Physics in collaboration with SCERT Solan and received an overwhelming response from participants across the state.

The session was led by Dr. Ishwar Dutt, Faculty of Physics, who gave a hands-on demonstration of various instruments used in the Physics Laboratory. He also highlighted simple yet essential safety practices that every lab attendant must follow while handling equipment. His practical demonstrations helped participants connect theory with everyday lab work.

The program was inaugurated by the Principal, Prof. (Dr.) Maneesha Kohli, who warmly welcomed the participants and encouraged them to take pride in their vital role in supporting teaching and research activities. Her motivating words set the tone for the day's learning.

Adding to the strength of the program, senior faculty members of the department – Dr. A. V. Nidhi, Dr. Jagdish Chand, and Dr. Anil Thakur – were also present. They interacted with the participants and shared useful insights from their own experience.

The highlight of the training was the active participation of more than 50 lab attendants representing different colleges from across Himachal Pradesh. Their curiosity, questions, and eagerness to learn made the session interactive and lively.

The day ended on a very positive note, with participants expressing that the training was not only informative but also gave them the confidence to manage laboratory work more effectively and safely. The program truly turned out to be a collaborative effort of learning and sharing.

Report on Lab Visit and Training Session

Department of Physics, Government College Solan

A laboratory visit and practical training session was successfully conducted on Friday (28.11.2025) as part of the 6-day Training Workshop organized by SCERT Solan. The workshop aims to enhance the professional competence of Lab Attendants and Junior Lab Attendants by strengthening their understanding of laboratory operations, equipment handling, safety procedures, and practical skills.

During the session, participants received both theoretical inputs and hands-on practical exposure. In the Physics Department, detailed demonstrations and practical training were provided on the correct use, maintenance, and safety protocols of various laboratory instruments. The session emphasized the systematic setup of experiments, error minimization techniques, equipment calibration, and adherence to standard laboratory practices.

The training in the Physics laboratory was conducted by **Dr. Ishwar Dutt (Assistant Professor)**, who guided the participants through essential experimental procedures and addressed their queries related to the functioning and maintenance of physics equipment. The workshop coordination was efficiently managed by **Mrs. Sunita Kumari** and **Mr. Gaurav Joshi**.

A total of 38 participants from various districts—including Solan, Shimla, Sirmaur, Una, Bilaspur, and Kinnaur—attended the training program. Participants appreciated the high-quality laboratory facilities provided by Government Degree College Solan, which significantly enhanced the effectiveness of the training.

The Physics Department acknowledges the support of the College Principal, **Dr. Manisha Kohli**, for facilitating the smooth conduct of the workshop. The participants expressed that such training sessions greatly contribute to strengthening their technical skills and requested that similar workshops be organized regularly in the future.

सोलन कॉलेज में लैब अटेंडेंट्स ने SCERT की वर्कशॉप में सीखी प्रयोगशालाओं की बारीकियां

By HNL Post | November 28, 2025

सोलन, राजकीय महाविद्यालय सोलन में हुएकार को SCERT सोलन द्वारा आयोजित 4-दिवसीय प्रयोगशाला कार्यक्रम के तहत लैब अटेंडेंट्स और चुनिंदा शिक्षक अटेंडेंट्स ने प्रयोगशालाओं की बारीकियां सीखीं। इस दौरान प्रयोगशालाओं की विभिन्न तकनीकों का प्रदर्शन और प्रयोगशालाओं का संचालन भी सीखा गया।

कार्यक्रम में विभिन्न विषयों के अलावा, प्रयोगशालाओं में प्रयोग करने के तरीके भी सीखे गए। कार्यक्रम के विभिन्न दिनों में, प्रयोगशालाओं की बारीकियां और प्रयोगशालाओं की बारीकियां भी सीखीं गईं।

SCERT सोलन की अध्यक्षता वाली समिति ने बताया कि यह विशेष प्रोग्राम राज्य में दो बार आयोजित की जाती है। इसका केन्द्र में सोलन, हिमाचल, उत्तराखण्ड, हिमाचल प्रदेश और दिल्ली में है। इस अटेंडेंट्स और चुनिंदा शिक्षक अटेंडेंट्स के लिए है।

कार्यक्रम का संचालन चुनिंदा प्रयोगशालाओं की बारीकियां और प्रयोगशालाओं की बारीकियां के लिए अंतर-संस्थागत है।

NOTICE

Department of Physics Government College Solan

Date: 26.11.2025

This is to inform all concerned that the **Physics Department** will be conducting a laboratory visit and practical training session as part of the upcoming **6-day Training Workshop** to be organized by **SCERT Solan** for **Lab Attendants and Junior Lab Attendants**.

During the session, participants will be provided hands-on training on physics laboratory instruments, equipment handling and maintenance, safety protocols, and standard experimental procedures. The practical demonstration in the Physics Laboratory will be conducted by **Dr. Ishwar Dutt (Physics)**.

All departmental members will be required to assist in preparing the laboratory and ensuring smooth conduct of the training session.

Head, Department of Physics
